**It's Nearly All Local!** - Most of our meat, eggs, fruit and vegetables (within season) are sourced within a 1 km radius of the Rose and Crown from Groom's, Grove and Leach farms, often delivered or fetched on foot! This does sometimes mean that one or more menu items are not available on a given night and that some items take a little time to cook as they are being done so from fresh, raw, unprocessed ingredients.

**Most dishes contain nuts, chillies, eggs, dairy, wheat and other allergenic foods.**
